Unpack the contents of the pack.

The pack for 1 Garden table should consist of
2 x 2 leg uprights with the end board attached
2 x Bottom shelf planed boards
2 x planed top boards with rail on
16 x 2 inch screws
Top slats

1. Lay the 2 supporting legs approx 1m apart on a level floor.
2. **Make sure that the posts are facing outwards!!!**

3. Line the planed top board with the top of the legs. Make sure that the board is a square fit.
4. Make sure the supporting rail is on the bottom of the board.
5. Screw the board to the legs using screws provided.
6. Repeat for the other end of the board.

7. With the top boards attached, attach the bottom boards.

Use the screws provided and attach through the clearance holes already drilled.

8. With the sides attached to the table and the supporting rails on the top and bottom boards facing inwards, it is time to complete the garden Table and place the larch slats on the supporting rails.

1.5m potting bench

1m potting bench
